## Description

~~~ (triple sones) is one moniker of Benn Curry, a 21-year old graphic designer and photographer, living in the north east of England.

Recording all the sounds at home with minimal after production, ~~~ utilises various instrumentations, ranging from guitars, bass, mobile phones, voices, casiotones and banjos.

Through Grass Note, ~~~ expresses a great understanding of how to create sounds and textures with a deep feeling and atmosphere and takes you on an intense journey with every piece of music.

As a graphic designer and photographer, he transforms mostly visual impressions into impressive landscapes of drones, sounds and cryptic melodies.
